

Guidelines for Digital Resourcing

Guidelines on Video Content and Recording –

Testimony Content

- You may use a Bible story/Bible character/Scripture verse to anchor your testimony.
- Helpful to have a biblical theme e.g. God's faithfulness, God's love, God's healing, God's forgiveness etc.
- End with an altar call if possible or a word of encouragement.
- Keep testimony to 3 mins max.

Testimony Video Recording

- When reading Scripture or sharing testimony especially, pause every 1-2 sentences, so missionaries can translate as the video is playing.
- Provide the transcript of the testimony so that missionaries can read through beforehand, makes it easier for translation.
- Speak slowly in English language.
- Video record in landscape orientation is preferred over portrait.
- Total recording (Scripture Reading/skit + Testimony) should be 5 mins max.

Thank you! Glad to be in this partnership with CPC and that the church is actively initiating ways to be involved, to mobilize the church for missions despite the restrictions 😊😊TH
